ANNOUNCEMENTS

Shalom is joining a local Habitat build. At the May congregational meeting, we agreed to join six other faith communities in building a duplex for families in need of affordable housing. We will need people with all types of talents. There will be things to organize, people to feed, and things to build. There will also be an opportunity to share financial resources as we will need to raise around \$7500 over the next two years. The neat thing about this is that we can get a lot of people from Shalom working together to complete a worthwhile project. We can all join in in some fashion. You don't need to be a skilled construction worker to take part. We are looking to build a list of those that are interested in helping with this project. If you think you might have an interest in participating (this is not a commitment) please send an email to millerlauriew@gmail.com. Please list your phone and email, how you might like to participate, and what abilities you might have. Don't worry, if you don't have any specific skills, just let us know you are interested and we will find a place for you.
